

HOW WE GET CHEATED !

Would you like to know how we trusting Americans are cheated ??? Take a few minutes of your time and read how we are taken to the cleaners by the biggest crooks of all time.

EXAMPLE:

1. United States Government needs one Billion Dollars to pay its bills.
2. It notifies the U.S. Bureau of Engraving to print one Billion Dollars in United States Bonds.
3. United States Government delivers these one Billion Dollars in Bonds to the Federal Reserve Bank (a private bank) as promissory notes. U.S. Government promises to pay for these, its own Bonds, when they mature.
4. The Federal Reserve Bank deposits these one Billion Dollars in U.S. Bonds, for which it paid nothing, with the Comptroller of the Currency.
5. The Federal Reserve Bank then receives one Billion Dollars in Federal Reserve Notes, the Dollar bills we all use, in various denominations.

Now pay attention to see how we suckers get the works!

6. The Federal Reserve Bank retains ownership of the one Billion Dollars in Bonds, which it received without paying anything for them.
7. The Federal Reserve Bank Notes (Dollar Bills) it received are now distributed to member banks, so they have money available to pay bills of the government, cash government checks citizens receive, make loans to citizens etc. Please Note: Under present laws, a bank can loan out money up to ten times the amount it has on deposit.
8. The Federal Reserve Bank receives interest on its Bonds, for which they paid nothing.

How does this work ? They got our money for nothing and get interest besides ?

Note: They really laid it on us unsuspecting suckers quite heavy. First they get a Billion Dollars for nothing. In the meantime they get interest on Bonds they got for nothing. When they eventually cash in the Bonds, they get money again.

HOW WE PRIZE SUCKERS ARE TAKEN:

The Federal Reserve Bank, a private bank, received for nothing: \$ 1,000,000,000

When the Bonds are cashed in, they get again:

\$ 1,000,000,000

\$ 2,000,000,000

In the meantime they also received interest, amount not known =

They screwed us coming and going. If anyone has a different viewpoint, please speak up and let your fellow citizens know. Remember: The one Billion Dollars were used only as an example. We got roped in for over ~~two trillion~~ ²⁰⁰ ~~two billion~~ Dollars the same way, on which we now have to pay about ~~20~~ Billion Dollars a year in interest.
